

QUARTERLY EMPLOYEE PERFORMANCE REPORT

Q1 2024 — Confidential Internal Document

Executive Summary

This report summarizes the performance metrics for all departments during Q1 2024 (January through March). Overall company productivity increased by 12% compared to Q4 2023. The Engineering team exceeded their targets, while Sales came in at 94% of goal. HR onboarded 15 new employees this quarter, bringing total headcount to 142.

Department Summary Table

Department	Headcount	Target Met %	Avg Rating	New Hires
Engineering	38	118%	4.6 / 5.0	5
Sales	24	94%	4.1 / 5.0	3
Marketing	18	101%	4.3 / 5.0	2
Customer Support	22	107%	4.5 / 5.0	3
HR & Admin	14	100%	4.4 / 5.0	1
Finance	12	99%	4.2 / 5.0	1
Operations	14	103%	4.0 / 5.0	0
TOTAL	142	103%	4.3 / 5.0	15

Key Highlights

- Engineering launched 3 major product features ahead of schedule.
- Sales closed the largest enterprise deal in company history (\$2.4M ARR).
- Customer Support reduced average ticket resolution time by 23%.
- Marketing drove a 31% increase in qualified inbound leads.
- Operations completed the warehouse automation project under budget.

Areas for Improvement

Finance flagged a 6% overspend in cloud infrastructure costs due to unoptimized resource allocation. The CTO has tasked Engineering with a cost-reduction initiative targeting \$80K savings in Q2. Additionally, Sales pipeline coverage entering Q2 is at 2.1x, slightly below the 2.5x target.
